The Painted Range

Painted plates are supplied with etch-primed face plates and can be painted in the same colour as a room and therefore, be disguised in a wall or skirting board, making them as unobtrusive as possible.

For the Painted switch, there is a choice of dolly (toggle) or rocker switches and dimmers, which are available with either conventional knobs or buttons. These are supplied in Brass, Brushed Brass, Nickel Silver, Stainless Steel and Antique Bronze.

Painted sockets are available with black or white inserts and come with radius or square edge corners.

Available in:

- Dolly Switch
- Rotary Dimmer
- Button Dimmer
- Rocker Switch

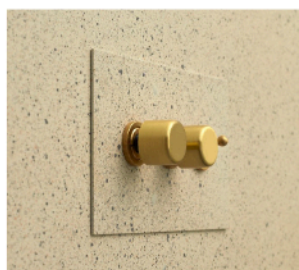

A full range of socket outlets are available, including power outlets, European sockets, telecom and data, audio and visual, fused connection

General Information

- All switches conform to BSEN 60669-1:2018. 13amp sockets conform to BS1363-2:2016 +A1: 2018, 2amp and 5amp sockets conform to BS546:1950
- Single plates measure 86mm x 86mm and double plates measure 146mm x 86mm
- All Forbes & Lomax switches and sockets require British standard 35mm deep flush wall boxes, but we recommend 47mm for ease of installation
